Irish Colcannon...

- 1 lb sliced potatoes,
- 2 medium parsnips, peeled and sliced
- 2 medium leeks
- 1 cup milk
- 1 lb kale or 1 lb cabbage
- 1/2 teaspoon mace
- 2 garlic cloves, minced
- 1 teaspoon salt 1/2 teaspoon pepper
- 2 tablespoons butter
- 1 bunch fresh parsley, chopped

Directions:

- 1 Boil the potatoes and parsnips in water until tender.
- 2 While these are cooking, chop leeks (greens as well as whites) and simmer in the milk until soft.
- 3 Next, cook the kale or cabbage and have warm and well chopped.
- 4 Drain the potatoes, season with mace, garlic, salt and pepper, and beat well.
- 5 Add the cooked leeks and milk (be careful not to break down the leeks too much).
- 6 Finally, blend in the kale or cabbage and butter.
- 7 The texture should be that of a smooth-buttery potato with well distributed pieces of leek and kale.
- 8 Garnish with parsley.
- 9 Colcannon is also made by cooking layered vegetables, starting with potatoes, in a slow-cooker during the day.
- 10 Drain vegetables blend with milk and margarine as above and garnish with parsley.

Written in the 14th Century, this prayer is perfect for medieval events or any Catholic scenario

Anima Christi

Anima Christi, sanctifica me.
Corpus Christi, salva me.
Sanguis Christi, inebria me.
Aqua lateris Christi, lava me.
Passio Christi, conforta me.
O bone Jesu, exaudi me.
Intra tua vulnera absconde me.
Ne permittas me separari a te.
Ab hoste maligno defende me.
In hora mortis meae voca me.
Et iube me venire ad te,
Ut cum Sanctis tuis laudem te.
In saecula saeculorum.
Amen

*Soul of Christ, sanctify me
Body of Christ, save me
Blood of Christ, inebriate me
Water from the side of Christ, wash me
Passion of Christ, strengthen me
O good Jesus, hear me
Within Thy wounds hide me
Separated from Thee let me never be ("Permit me not to be separated from Thee")
From the malicious enemy defend me ("From the malignant enemy defend me")
In the hour of my death call me
And bid me come unto Thee
That I may praise Thee with Thy saints ("That with thy Saints I may praise Thee")
Forever and ever
Amen*

FEATURED GROUP; THE DIEHARDS

Specialising in the Victorian period, this group also known as the Middlesex Regiment are second to none. Even the youngest boys are perfectly groomed. Their drill is perfect and their boots are well bulled...

What I love about this group is that the chaps are actually gentlemen, and that the women are polite and refined. In many groups it is not unusual to see a soldier who looks like a lawyer dressed up. The Diehard camp genuinely makes you feel as if you are in 1880. As new recruits are trained outside their lines of bell tents, you lose track of the modern age.

The group was established in 1993 as part of the Victorian Military Society. For details see thediehards.co.uk or contact Tim Rose; timothyrose@yahoo.com

Ahoy there! 'tis The Sheppey Pirates!

A very friendly bunch of chaps are the East Essex. Run by the charismatic Colonel Edwin Parker, they portray soldiers and civilians from the Napoleonic war era and have a very good reputation.

WW2 - A beginner's guide to:

What to say to a captured German?

In the event of finding a Jerry paratrooper or pilot in your garden, hanging from a tree or stumbling through a heavily mined beach these are things you might wish to say to him;

**Hands up!
Hande Hoch!**

**Turn around with your hands in the air;
umdrehen mit den Händen in der Luft**

**One more step and I will kick you where it hurts
Ein weiterer Schritt, und ich werde kicken, wo es weh tut**

**Have you any idea how hard it is to get decent cigarettes? No, you cannot have one!
Haben Sie eine Ahnung, wie schwer es ist, anständige Zigaretten holen ist? Nein, Sie können nicht ein!**

**Herman Goering is a fat pouf
Herman Goering ist ein grob homo!**

**Hitler was a corporal and his men hated him
Hitler war ein Unteroffizier und seine Männer hassten ihn**

**Welcome to England
Willkommen England!**

**Do you need medical help?
Sie brauchen medizinische Hilfe**

**Name, rank, number please
Namennummer bitte**

**England will not be conquered in five weeks
England wird nicht in fünf Wochen erobert werden!**

**I am a British
Ich bin ein Britisch...**

**Officer/ Policeman/ medic / seriously pissed off farm worker
Offizier/ polizeimann/mediziner/ ernsthaft angepisst Landarbeiter**

**Would you like a drink?
möchten Sie etwas trinken?**

**Hand over your pistol please
Hand über Ihre Postille bitte**

**It is not the dog you need worry about, it is my wife
es ist nicht der Hund, den Sie sich Sorgen machen müssen, ist es meiner Frau**

**...that will most likely kill you when she sees the washing line you have snapped...
Das wird höchstwahrscheinlich töten, wenn sie die Wäscheleine Sie schnappte sieht ...**

**Shut your mouth! You cannot be hungry considering you stuff your faces with sausages all the time
Halt den Mund! Sie können nicht hungrig bedenkt, dass man stopfen Ihre Gesichter mit Würstchen ganze Zeit**

**The war is over for you my friend
Der Krieg ist vorbei für du, mein freund**

**I do not wish to frighten you but the beach you are walking on is heavily mined. There are also dozens of guns trained on you so be a good chap and surrender if you do not mind...
Ich möchte nicht, um Sie zu erschrecken, aber der Strand Sie zu Fuß sind, ist stark vermint. Es gibt auch Dutzende von Waffen auf Sie trainiert so ein guter Kerl und ergeben, wenn Sie nichts dagegen haben werden ...**

DIRECTIONS.

For Plum Puddings, Fruit Puddings, Lumpings, Mincedmeat, Short Crust for Fruit Pies, Meat Pies, etc., use "ORLOX" instead of raw suet, but only use three-quarters of the quantity. "ORLOX" being purer and richer in fat.

Puddings should be **STEAMED** not **BOILED**. An ordinary saucepan will do. Keep the lid on the pan.

For Milk Puddings (skimmed milk may be used) add a teaspoonful of "ORLOX" to every pint of milk used. The pudding will be richer and more nutritious.

For Biscuits, half-a-teaspoonful of "ORLOX" to each portion.

A teaspoonful of "ORLOX" in a glass of hot milk, taken at night, will prevent night cure coughs and colds.

To comply with The Food and Drugs Act—Suet is hereby given that "ORLOX" is a mixture of pure beef suet and rice flour ready for immediate use.

WW1 Albatross over UK Skies!

This wonderful aircraft has been built in New Zealand. Sadly it is due to go on static display at the Royal Air Force Museum at Hendon, London. In the mean time it will be flown in the UK, by The Shuttleworth collection...

In formation with the RE8, also destined for static display at Hendon...

Many thanks to Brian Marshall, and Kermit Weeks for the pictures...

“XS420” by Richard Hall

On 22 August 1987 I and my friend Mike Potten attended the Last Lightning Airshow at RAF Binbrook. This was to be the final major public outing for the iconic aircraft that still holds to this day such affection with aviation enthusiasts worldwide. The weather was atrocious with low cloud and rain. However, the Lightning Boys of No 5 and No 11 Squadrons still put on a great show with a mass take off and superb formation flypasts. In a way the weather was fitting as this is what the Lightning was designed to fly in as it intercepted intruders who neared the UK's airspace. The term "all weather" certainly applied to the Lightning, 24 hours a day, 365 days a year as it held Quick Reaction Alert. We came away from Binbrook thinking that we would never see the like again and we haven't. So over the years we have both had a great affinity with the Lightning and we have always wanted the chance to own one or at least maybe a cockpit.

I have returned to Binbrook on a couple of occasions recently. It was a very odd experience as it is now so quiet and still. Did what I witnessed twenty five years ago actually happen ? It must have done as I was there, although it now hard to believe. The date of my last visit was 16 June 2012. I stood on the remains of the runway and pictured in my mind the Lightning's on approach, as they crossed the Lincolnshire Wolds, to land in a cloud of burnt rubber and streaming braking chutes. The vision and atmosphere again left a lasting impression on me.

So the next day I went to Cockpit Fest at Newark. I was surprised to see that Lightning T.5 XS420 was up for sale, well with the previous evenings thoughts and memories, I saw it as fate. I called Mike and after a brief conversation we agreed that we should express our interest in acquiring XS420. In due course we purchased the aircraft and that is how we became the proud owners of XS420.

XS420 is a Lightning T.5 which is the training version of the single seat fighter. The aircraft was built in 1965 and last flew in 1983. The trainer version was required as when the supersonic Lightning was coming into service in the 1960's, it was so radically different from current front line RAF fighters. It was considered that a pilot could not simply convert from a Hunter or Javelin onto a complex aircraft such as the Lightning, without time on type. As there were no trainer versions available of the Lightning, the T.4 was procured which in turn was followed by the T.5.

XS420 was constructed at Warton and undertook her first flight on 23 January 1965 in the hands of D.M.Knight.

The aircraft then went onto to serve with the following squadrons and units.

- 226 Operational Conversion Unit - 29 April 1965
- Binbrook Aircraft Storage & Support Flight then to Lightning Training Flight (V) - 18 September 1976
- Loan to No 5 Squadron LTF (DV) - 17 December 1980
- To Lightning Engineering Support Flight - 26 May 1983
- Total hours flown - 2296.55

The aircraft finished its career at RAF Binbrook and after being used as a surface decoy, luckily found its way into the world of preservation. In 2003, XS420 was chosen to appear at the annual Royal International Air Tattoo (RIAT) which was celebrating 100 years of powered flight during that year. For this appearance the aircraft was restored by the RAF into the paint scheme which it wears today. After RIAT, XS420 relocated to Farnborough Air Sciences Trust (FAST) where the aircraft took up gate guardian duties to the museum and she remains there to this day.

Our aim is to keep the aircraft at its present location and to carry out restoration and conservation work. We have recently purchased a good deal of the cockpit instrumentation, panels etc and hope over time to bring the cockpit back to its former glory. A few bits are missing still but it is hoped these parts can be picked up in due course. There will be a fair amount of checking of e-bay and scouring aero jumbles to achieve this. Some work is also required on the wings where they were cut for transportation. The intention is to remove the existing panels and to re-skin using sheet aluminium. This will help with the weatherproofing of the wings, in which we have found a fair bit of water recently.

It is no easy task taking on an historic aircraft but both Mike and I feel Britain's aviation heritage needs to be preserved for future generations to enjoy and understand. So coupled with the work on XS420 we are also hoping to reunite the aircraft with some of those who flew and maintained her. To this end a website has been created that will record the aircraft's history, restoration and in time, reminiscences of former pilots and ground crew.

If you are interested in the history of XS420 or Lightning's in general, please visit www.xs420.com.
